BASIC GPS CLASS

- **3-6 HOUR CLASSROOM PRESENTATION TO INCLUDE:**

An easy to understand introduction to the basics of GPS.

A mix of classroom and field practical exercise.

System setup & operation (model specific)

GPS accuracy

Troubleshooting

Marking & editing waypoints, & waypoint management

Common mistakes to avoid

Correlation to magnetic compass, UTM Grid and Topographic map.

This class trains to the scenario of marking an initial waypoint at a trailhead, hiking inland marking multiple waypoints, and using the GPS to return to your starting position safely.

This class can be easily tailored to the needs of your group.

This class is a lot of fun. You'll be pushing buttons 30 minutes after class start. Our goal is to make the basics of navigation straight forward and as simple as possible.

- **COST PER PERSON - \$50.00**

50% pre-registration deposit required

Class size minimum of five necessary for locations away from the Redmond/Bend region.

Per Diem/lodging/fuel costs will be charged for training away from the Redmond/Bend region.
